

Scan-Shipping opening new offices in Africa

Through our recent partnership with Africa Transport Solutions (ATS) in South Africa, Scan-Shipping has now entered the African continent.

With the addition of former ATS director, Jens Pain Risgaard, heading up Scan-Shipping Africa we have gained 20+ years of expert knowledge and experience in freight solutions for Africa.

With our new offices and strong infrastructure of 45 trucks and 20 staff based in Cape Town and Johannesburg, Scan-Shipping now has a unique logistics offering including customs clearances and door deliveries in virtually every country in Africa.
